## **Frisco Police Continue to Investigate Dhawan Deaths**

**Frisco, TX** – The Frisco Police Department continues to investigate the deaths of Sumeet and Pallavi Dhawan. Investigators continue with the processing of the crime scene at 15405 Mountain View but expect to be finished sometime today.

On 09/03/2014, responding officers discovered the body of Pallavi Dhawan in the swimming pool. The body of Sumeet Dhawan was discovered inside the home. Both were later transported to the Collin County Medical Examiner's Office for positive identification, toxicology, and autopsies. The preliminary findings of the autopsies indicate that Pallavi had no signs of trauma to her body. Sumeet showed evidence of trauma to the head. The final medical examiners ruling on the cause of death for Sumeet and Pallavi will be determined upon the receipt of toxicology results.

The investigation also revealed that a note was recovered at the scene. Details of the note are not being released at this time pending further analysis and examination.

Frisco Police requested the assistance from the Texas Rangers with this investigation from the initial report because they add a level of expertise and experience that is beneficial. They also act as a separate investigation entity due to the increased attention and scrutiny that has been applied to this case.
